

**SMART INSTITUTIONS
OPPORTUNITIES**

ADMIN OFFICE

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone/ PLUS sensor (Light + HVAC).
- Daylight harvesting by Dimmable sensor.
- Schedule, control, monitor by LMS.

CLASSROOMS

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone/ PLUS sensor (Light + Fan).
- Dimming and scene control by DALI Duo sensor/ Touchpad.
- UVC Disinfection by UVC Lamps and sensor.
- Schedule, control, monitor by LMS.

CANTEEN

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone/ PLUS sensor (Light + Fan).
- Daylight harvesting by Dimmable sensor.
- Schedule, control, monitor by LMS.

WASHROOM

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone/UV sensor (Light + Exhaust Fan).
- Schedule, control, monitor by LMS.

SPORTS COMPLEX

Luminaire Options

Recommended Automation

- Schedule, control, monitor by CCMS.

MEETING ROOM

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone/PLUS sensor (Light + HVAC).
- Daylight harvesting by Dimmable sensor.
- Scene control by DALI Duo Sensor/Touchpad.
- Human Centric Lighting.
- Schedule, control, monitor by LMS.

PASSAGES & STAIRCASES

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Inbuilt/Standalone sensor.
- Orientation lighting by Dimmable sensor.
- Schedule, control, monitor by LMS.

OUTDOOR AREAS

Luminaire Options

Recommended Automation

- Dusk to dawn switching by Twilight sensor (with or without timer).
- Occupancy based switching + orientation lighting by inbuilt sensor.
- Dusk to dawn + timer + occupancy based switching by defensor sensor.
- Schedule, control, monitor by CCMS.

AUDITORIUM

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Standalone sensor.
- Dimming/CCT tuning by Touchpads.
- Human Centric Lighting with scenarios.
- Schedule, control, monitor by LMS.

LIBRARY

Luminaire Options

Recommended Automation

- Occupancy based ON-OFF by Standalone sensor.
- Dimming/CCT tuning by Touchpads.
- Human Centric Lighting with scenarios.
- Schedule, control, monitor by LMS.
